#### **INDEPENDENT AUDITORS' REPORT**

September 6, 2023

Members of the Board of Commissioners Flagg-Rochelle Community Park District Rochelle, Illinois

#### **Opinions**

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Flagg-Rochelle Community Park District (the District), Illinois, as of and for the year ended April 30, 2023, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the Flagg-Rochelle Community Park District, Illinois, as of April 30, 2023, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America

#### **Basis for Opinions**

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the District, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

#### **Emphasis of Matter - Basis of Accounting**

We draw attention to Note 1 of the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to that matter.

#### Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting described in Note 1, and for determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

#### Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

#### **Supplementary Information**

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Flagg-Rochelle Community Park District, Illinois' basic financial statements. The other supplementary information and supplemental schedules are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the other supplementary information and supplemental schedules are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Flagg-Rochelle Community Park District, Illinois September 6, 2023

#### **Other Information**

Management is responsible for the other information included in the annual report. The other information comprises of the budgetary comparison information but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Lauterbach & Amen, LLP
LAUTERBACH & AMEN, LLP

#### **BASIC FINANCIAL STATEMENTS**

The basic financial Statements include integrated sets of financial statements as required by the GASB. The sets of statements include:

Government-Wide Financial Statements

**Fund Financial Statements** 

Governmental Funds

In addition, the notes to the financial statements are included to provide information that is essential to a user's understanding of the basic financial statements.

Reconciliation of the Statement of Revenues, Expenditures and Changes in Fund Balances of the Governmental Funds to the Statement of Activities - Governmental Activities - Modified Cash Basis For the Fiscal Year Ended April 30, 2023

Net Change in Fund Balances - Total Governmental Funds	\$	2,316,850
Amounts reported for governmental activities in the Statement of Activities are different because:		
Governmental funds report capital outlays as expenditures. however, in the		
Statement of Activities the cost of those assets is allocated over their estimated		
useful lives and reported as depreciation expense.		
Capital Outlays		293,362
Depreciation Expense		(245,517)
Disposals - Cost		(107,768)
Disposals - Accumulated Depreciation		107,768
The issuance of long-term debt provides current financial resources to		
governmental funds, while the repayment of the principal on long-term		
debt consumes the current financial resources of the governmental funds.		
Debt Issuance	(	(1,235,000)
Retirement of Debt		220,000
Amortization of Bond Premium		23,114
Changes in Net Position of Governmental Activities		1,372,809

Notes to the Financial Statements April 30, 2023

#### NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The Flagg-Rochelle Community Park District (District), Illinois was organized in 1966 and operates under a Board-Manager form of government, providing recreation and other services to the residents of the City of Rochelle, which include: recreation programs, park management, capital development, and general administration.

The basic financial statements of the District have been presented on a modified cash basis of accounting. The modified cash basis of accounting differs from accounting principles generally accepted in the United States of America (GAAP). Generally accepted accounting principles include all relevant Governmental Accounting Standards Board (GASB) pronouncements. The more significant of the District's accounting policies are described below.

#### **REPORTING ENTITY**

In determining the financial reporting entity, the District complies with the provisions of GASB Statement No. 61, "The Financial Reporting Omnibus - an Amendment of GASB Statements No. 14 and No. 34," and includes all component units that have a significant operational or financial relationship with the District. Based upon the criteria set forth in the GASB Statement No. 61, there are no component units included in the reporting entity.

#### **BASIS OF PRESENTATION**

#### **Government-Wide Statements**

The District's basic financial statements include both government-wide (reporting the District as a whole) and fund financial statements (reporting the District's major funds). The District's general government and recreation activities are classified as governmental activities.

In the government-wide Statement of Net Position, the governmental activities columns are: (a) presented on a consolidated basis by column, and (b) reported on a modified cash, economic resource basis, which recognizes some long-term assets/deferred outflows and receivables as well as long-term debt/deferred inflows and obligations. The District's net position is reported in three parts: net investment in capital assets; restricted; and unrestricted. The District first utilizes restricted resources to finance qualifying activities.

The government-wide Statement of Activities reports both the gross and net cost of each of the District's functions (general government, recreation, etc.). These functions are supported by general government revenues (property taxes and charges, etc.). The Statement of Activities reduces gross expenses (including depreciation) by related program revenues, operating and capital grants. Program revenues must be directly associated with the function (general government, recreation, etc.) or a business-type activity. Operating grants include operating-specific and discretionary (either operating or capital) grants while the capital grants column reflects capital-specific grants.

The net costs (by function) are normally covered by general revenue (property and replacement taxes, certain intergovernmental revenues, interest, etc.).

This government-wide focus is more on the sustainability of the District as an entity and the change in the District's net position resulting from the current year's activities.

Notes to the Financial Statements April 30, 2023

#### NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

#### **BASIS OF PRESENTATION - Continued**

#### **Fund Financial Statements**

The financial transactions of the District are reported in individual funds in the fund financial statements. Each fund is accounted for by providing a separate set of self-balancing accounts that comprise its assets/deferred outflows, liabilities/deferred inflows, fund equity, revenues and expenditures/expenses. All of the District's funds are reported as governmental funds. An emphasis is placed on major funds within the governmental category. A fund is considered major if it is the primary operating fund of the District or meets the following criteria:

Total assets/deferred outflows, liabilities/deferred inflows, revenues, or expenditures/expenses of that individual governmental fund are at least 10 percent of the corresponding total for all governmental funds combined.

#### **Governmental Funds**

The focus of the governmental funds' measurement (in the fund statements) is upon determination of financial position and changes in financial position (sources, uses, and balances of financial resources) rather than upon net income. The following is a description of the governmental funds of the District:

*General fund* is the general operating fund of the District. It accounts for all revenues and expenditures of the District which are not accounted for in other funds. The General Fund is a major fund.

Special revenue funds are used to account for the proceeds of specific revenue sources that are legally restricted to expenditures for specified purposes. The Recreation Fund is treated as a major fund and accounts for the operations of the recreation programs offered to residents. Additionally, the District maintains eight nonmajor special revenue funds.

Debt service funds are used to account for the accumulation of funds for the periodic payment of principal and interest on general long-term debt. The Debt Service Fund is treated as a major fund and accounts for the accumulation of resources restricted, committed, or assigned for the payment of long-term debt principal and interest.

Capital projects funds are used to account for financial resources to be used for the acquisition or construction of major capital facilities. The District maintains two major capital projects funds. The Capital Projects Fund is used to account for the acquisition or construction of major capital facilities, equipment, and capital asset replacements. The Community Center Capital Fund is used to account for financial resources restricted, committed, or assigned for the acquisition or construction of the Community Center.

Notes to the Financial Statements April 30, 2023

#### NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

#### MEASUREMENT FOCUS AND BASIS OF ACCOUNTING

Measurement focus is a term used to describe "which" transactions are recorded within the various financial statements. Basis of accounting refers to "when" transactions are recorded regardless of the measurement focus applied.

#### **Measurement Focus**

On the government-wide Statement of Net Position and the Statement of Activities, governmental activities are presented using the economic resources measurement focus, within the limitations of the modified cash basis of accounting, as defined below. In the fund financial statements, the "current financial resources" measurement focus or the "economic resources" measurement focus is used as appropriate.

All governmental funds utilize a "current financial resources" measurement focus. Only current financial assets/ deferred outflows and liabilities/deferred inflows are generally included on their balance sheets. Their operating statements present sources and uses of available spendable financial resources during a given period. These funds use fund balance as their measure of available spendable financial resources at the end of the period.

The accounting objectives of the "economic resources" measurement focus are the determination of operating income, changes in net position (or cost recovery), financial position, and cash flows. All assets/deferred outflows, liabilities/deferred inflows (whether current or noncurrent) associated with their activities are reported.

#### **Basis of Accounting**

In the government-wide Statement of Net Position and Statement of Activities, governmental activities are presented using the modified cash basis of accounting. This basis recognized revenue when cash is received and expenditures are recorded when payment is made. This basis is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. These financial statements are modified from the cash basis method because the District records capital assets, depreciation, and long-term debt.

### ASSETS/DEFERRED OUTFLOWS, LIABILITIES/DEFERRED INFLOWS, AND NET POSITION OR EQUITY

#### **Cash and Investments**

For purpose of the Statement of Net Position, the District's cash and cash equivalents are considered to be cash on hand, demand deposits, and cash with fiscal agent.

Investments are generally reported at fair value. Short-term investments are reported at cost, which approximates fair value. For investments, the District categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs. All of the District's investments are in 2a7-like investment pools that are measured at the net asset value per share determined by the pool.

Notes to the Financial Statements April 30, 2023

#### NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

## ASSETS/DEFERRED OUTFLOWS, LIABILITIES/DEFERRED INFLOWS, AND NET POSITION OR EQUITY - Continued

#### **Interfund Receivables, Payables and Activity**

Interfund activity is reported as loans, services provided, reimbursements or transfers. Loans are reported as interfund receivables and payables as appropriate and are subject to elimination upon consolidation. Services provided, deemed to be at market or near market rates, are treated as revenues and expenditures/expenses. Reimbursements are when one fund incurs a cost, charges the appropriate benefiting fund and reduces its related cost as a reimbursement. All other interfund transactions are treated as transfers.

#### **Capital Assets**

Capital assets purchased or acquired with an original cost of \$1,000 or more are reported at historical cost or estimated historical cost. Contributed assets are reported at acquisition value as of the date received. Additions, improvements and other capital outlays that significantly extend the useful life of an asset are capitalized. Other costs incurred for repairs and maintenance are expenses as incurred.

The accounting and financial reporting treatment applied to a fund is determined by its measurement focus. General capital assets are long-lived assets of the District as a whole. When purchased, such assets are recorded as expenditures in the governmental funds and capitalized. The valuation basis for general capital assets are historical cost, or where historical cost is not available, estimated historical cost based on replacement costs.

Depreciation on all assets is computed and recorded using the straight-line method of depreciation over the following estimated useful lives:

Buildings	20 - 40 Years
Land Improvements	20 - 50 Years
Machinery and Equipment	5 - 20 Years
Spring Lake Facility	10 - 30 Years

#### **Long-Term Obligations**

In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the governmental activities Statement of Net Position. Bond premiums and discounts are deferred and amortized over the life of the bonds using the effective interest method. Bonds payable are reported net of the applicable bond premium or discount. Immaterial premiums and discounts are expensed in the year of issuance in the entity-wide statements. Bond issuance costs are reported as expenses at the time of issuance.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

Notes to the Financial Statements April 30, 2023

#### NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

## ASSETS/DEFERRED OUTFLOWS, LIABILITIES/DEFERRED INFLOWS, AND NET POSITION OR EQUITY - Continued

#### **Net Position**

In the government-wide financial statements, equity is classified as net position and displayed in three components:

Net Investment in Capital Assets - Consists of capital assets, including restricted capital assets, net of accumulated depreciation, and reduced by the outstanding balances of any bonds, mortgages, notes or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.

Restricted - Consists of net position with constraints placed on the use either by (1) external groups such as creditors, grantors, contributors, or laws or regulations of other governments; or (2) law through constitutional provisions or enabling legislations.

Unrestricted - All other net position balances that do not meet the definition of "restricted" or "net investment in capital assets."

#### NOTE 2 - STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

#### **BUDGETARY INFORMATION**

The Board of Commissioners followed these procedures in establishing the budgetary data reflected in the financial statements. Prior to August 1 the Director submits to the Board of Commissioners a proposed operating budget for the fiscal year commencing May 1. The operating budget includes proposed expenditures and the means for financing. The budgetary operations of the District are governed by appropriation laws detailed in the Illinois Park District Code. Notice is given, and public meetings are conducted to obtain taxpayer comments. The Board of Commissioners may add to, subtract from, or change appropriations, but may not change the form of the budget. Prior to the end of the first quarter of each fiscal year, the budget is legally enacted through the passage of an annual combined budget and appropriation ordinance.

Budgets for the Governmental Funds of the District are legally adopted on a basis consistent with the modified cash basis of accounting. There was no budget adopted for the Working Cash Fund. Expenditures may not legally exceed appropriations at the fund level. No supplemental appropriations were required during fiscal year 2023.

After the first six months of any fiscal year, the Board of Commissioners may, by a two-thirds vote, amend the initially approved appropriation ordinance. Unused appropriations lapse at the end of the fiscal year.

Management can make transfers between individual expenditure categories of a fund (i.e., services, utilities, etc.) for up to 10% of the budgeted amount. However, Board of Commissioners approval is required in order for management to make transfers between different funds.

Notes to the Financial Statements April 30, 2023

#### **NOTE 3 - DETAIL NOTES ON ALL FUNDS**

#### **DEPOSITS AND INVESTMENTS**

The District maintains a cash and investment pool that is available for use by all funds. Each fund type's portion of this pool is displayed on the combined balance sheet as "cash and investments." In addition, investments are separately held by several of the District's funds.

Permitted Deposits and Investments - Statutes authorize the District to make deposits/invest in commercial banks, savings and loan institutions, obligations of the U.S. Treasury and U.S. Agencies, obligations of States and their political subdivisions, credit union shares, repurchase agreements, commercial paper rated within the three highest classifications by at least two standard rating services, and IPRIME.

The Illinois Public Reserves Investment Management Trust (IPRIME) is an investment opportunity and cash management service for Illinois Municipal Treasurers acting on behalf of counties, townships, cities, towns, villages, special road districts, public water supply districts, fire protection districts, drainage districts, levee districts, sewer districts, housing authorities, and all other political corporations or subdivisions of the State of Illinois. Participation in IPRIME is voluntary. IPRIME is not registered with the SEC as an Investment Company. Investments in IPRIME are valued at the share price, the price for which the investment could be sold.

#### Interest Rate Risk, Credit Risk, Concentration of Credit Risk and Custodial Credit Risk

At year-end, the carrying amount of the District's deposits totaled \$4,476,158 and the bank balances totaled \$4,519,879. In addition, the District had \$121,173 invested in IPRIME, which has an average maturity of less than one year and is measured at net asset value per share as determined by the pool.

*Interest Rate Risk.* Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. The District limits its exposure to interest rate risk by structuring the portfolio to provide liquidity for operating funds.

*Credit Risk.* Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. The District's investment policy limits exposure to credit risk by primarily investing in obligation guaranteed by the U.S. Government or securities issued by agencies of the U.S. Government that are explicitly or implicitly guaranteed by the U.S. Government. As of April 30, 2023, the District's investment in IPRIME is AAAm by Standard & Poor's.

Concentration of Credit Risk. Concentration of credit risk is the risk of loss attributed to the magnitude of the District's investment in a single issuer. The District's investment policy requires the District to diversify its investments to the best of its ability based on the type of funds invested and the cash flow needs of those funds. At year-end, the District does not have any investments over 5 percent of the cash and investment portfolio (other than investments issued or explicitly guaranteed by the U.S. government and investments in mutual funds, external investment pools, and other pooled investments).

Notes to the Financial Statements April 30, 2023

#### NOTE 3 - DETAIL NOTES ON ALL FUNDS - Continued

#### **DEPOSITS AND INVESTMENTS - Continued**

#### Interest Rate Risk, Credit Risk, Concentration of Credit Risk and Custodial Credit Risk - Continued

Custodial Credit Risk - Deposits. In the case of deposits, this is the risk that in the event of a bank failure, the District's deposits may not be returned to it. The District's investment policy requires pledging of collateral for all bank balances in excess of federal depository insurance with the collateral held by a third party in the District's name. At April 30, 2023, the entire amount of the bank balance of the deposits was covered by federal depository or equivalent insurance.

Custodial Credit Risk - Investments. For an investment, this is the risk that, in the event of the failure of the counterparty, the District will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. The District's investment policy prefers that all security transactions that are exposed to custodial credit risk are processed with the underlying investments held by a third-party custodian. At April 30, 2023, the District's investments in IPRIME is not subject to custodial credit risk.

#### **PROPERTY TAXES**

Property taxes for 2022 attach as an enforceable lien on January 1, on property values assessed as of the same date. Taxes are levied by December of the subsequent fiscal year (by passage of a Tax Levy Ordinance). Tax bills are prepared by the County and are payable in two installments on or about June 1 and September 1. The County collects such taxes and remits them periodically.

#### INTERFUND TRANSFERS

Interfund transfers for the year consisted of the following:

Tran	sfer In	Transfer Out	Amount
Nonmajor (	Governmental	Nonmajor Governmental	 7,564

Transfers are used to move revenues from the fund that statute or budget requires to collect them to the fund that statute or budget requires to expend them.

#### SHORT-TERM DEBT

#### **General Obligation Park Bonds**

The District issues general obligation park bonds to provide funds for the acquisition and construction of major capital facilities. General obligation bonds are direct obligations and pledge the full faith and credit of the District. The schedule below details the changes in short-term debt for the fiscal year:

	Beginning			Ending
Issue	Balances	Issuances	Retirements	Balances
General Obligation Park Bonds of 2022A, due in one installment of \$850,000 plus interest at 0.50% through January 1, 2023.	850,000	_	850,000	_
General Obligation Park Bonds of 2022B, due in one installment of \$300,000 plus interest at 0.60% through January 1, 2023.	300,000	_	300,000	<u> </u>
	1,150,000	_	1,150,000	

#### LONG-TERM DEBT

#### **General Obligation Bonds**

The District issues general obligation bonds to provide funds for the acquisition and construction of major capital facilities. General obligation bonds are direct obligations and pledge the full faith and credit of the District. General obligation bonds currently outstanding are as follows:

Issue	Beginning Balances	Issuances	Retirements	Ending Balances
ISSUC	Datances	issualices	Retiferitis	Datatices
General Obligation Bonds of 2019A, due in annual installments of \$100,000 to \$420,000 plus interest at 3.12% to 4.00% through January 1, 2040.	\$ 5,690,000	_	220,000	5,470,000
General Obligation Bonds of 2019B, due in annual installments of \$265,000 to \$540,000 plus interest at 3.25% to 5.00% through January 1, 2045.	8,000,000	_	_	8,000,000
General Obligation Park Bonds of 2023A, due in one installment of \$935,000 plus interest at 3.30% through January 1, 2024.	_	935,000	_	935,000

Notes to the Financial Statements April 30, 2023

#### Legal Debt Margin

Chapter 70, Section 1205/6-2 of the Illinois Compiled Statutes provides "...for the payment of land condemned or purchased for parks or boulevards, for the building, maintaining, improving and protection of the same and for the payment of the expenses incident thereto, or for the acquisition of real estate and lands to be used as a site for an armory, any park district is authorized to issue the bonds or notes of such park district and pledge its property and credit therefore to an amount including existing indebtedness of such district so that the aggregate indebtedness of such district does not exceed 2.875% of the value of the taxable property therein, to be ascertained by the last assessment for state and county taxes previous to the issue from time to time of such bonds or notes or, until January 1, 1983, if greater, the sum that is produced by multiplying the district's 1978 equalized assessed valuation by the debt limitation percentage in effect on January 1, 1979, if a petition, signed by voters in number equal to not less than 2% of the voters of the district, who voted at the last general election in the district, asking that the authorized aggregate indebtedness of the district be increased to not more that .575% of the value of the taxable property therein, is presented to the Board and such increase is approved by the voters of the district at a referendum held on the question."

Assessed Valuation - 2022	\$ 313,068,200
Legal Debt Limit - 2.875% of Assessed Value	9,000,711
Amount of Debt Applicable to Limit	5,470,000
Legal Debt Margin	3,530,711
Non-Referendum Legal Debt Limit	
0.575% of Assessed Valuation	1,800,142
Amount of Debt Applicable to Debt Limit	5,470,000
Non-Referendum Legal Debt Margin	(3,669,858)

#### **Pledged Revenues**

The General Obligation Bonds of 2019B have a pledged revenue source consisting of the proceeds received by the District from the issuance of its annual general obligation rollover bonds, as well as other funds of the District as lawfully available and annually appropriated for such payment. The remaining pledge as of April 30, 2023 was \$12,138,417 with a commitment end date of January 1, 2045. The District paid \$291,618 of interest expense in fiscal year 2023, which was 16.90% of the pledged revenue of \$1,721,620.

Notes to the Financial Statements April 30, 2023

#### NOTE 3 - DETAIL NOTES ON ALL FUNDS - Continued

#### NET POSITION CLASSIFICATIONS

Net investment in capital assets was comprised of the following as of April 30, 2023:

Governmental Activities	
Capital Assets - Net of Accumulated Depreciation	\$ 20,597,094
Less Capital Related Debt:	
General Obligation Bonds	(14,705,000)
Bond Premium	(437,955)
Net Investment in Capital Assets	5,454,139

#### NET POSITION RESTATEMENT

Beginning net position was restated due to correcting an error in the recording of capital assets in the prior year. The following is a summary of the net position as originally reported and as restated:

Net Position	A	s Reported	As Restated	(Decrease)	
				_	
Governmental Activities	\$	9,283,314	8,646,689	(636,625)	

#### FUND BALANCE CLASSIFICATIONS

In the governmental funds' financial statements, the District considers restricted amounts to have been spent when an expenditure is incurred for purposes for which both restricted and unrestricted fund balance is available. The District first utilizes committed, then assigned and then unassigned fund balance when an expenditure is incurred for purposes for which all three unrestricted fund balances are available.

*Nonspendable Fund Balance.* Consists of resources that cannot be spent because they are either: a) not in a spendable form; or b) legally or contractually required to be maintained intact.

Restricted Fund Balance. Consists of resources that are restricted to specific purposes, that is, when constraints placed on the use of resources are either: a) externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments; or b) imposed by law through constitutional provisions or enabling legislation.

Committed Fund Balance. Consists of resources constrained (issuance of an ordinance) to specific purposes by the government itself, using its highest level of decision-making authority, the Board of Commissioners; to be reported as committed, amounts cannot be used for any other purpose unless the government takes the same highest-level action to remove or change the constraint.

Notes to the Financial Statements April 30, 2023

#### NOTE 3 - DETAIL NOTES ON ALL FUNDS - Continued

#### **FUND BALANCE CLASSIFICATIONS - Continued**

Assigned Fund Balance. Consists of amounts that are constrained by the Board of Commissioners' intent to be used for specific purposes but are neither restricted nor committed. Intent is expressed by a) the Board of Commissioners itself or b) a body or official to which the Board of Commissioners has delegated the authority to assign amounts to be used for specific purposes. The District's highest level of decision-making authority is the Board of Commissioners, who is authorized to assign amounts to a specific purpose.

*Unassigned Fund Balance*. Consists of residual net resources of a fund that has not been restricted, committed, or assigned within the General Fund and deficit fund balances of other governmental funds.

Minimum Fund Balance Policy. The District's fund balance policy states the unassigned fund balance of the General Fund should be at least 25% of current year budgeted operating expenditures.

The following is a schedule of fund balance classifications for the governmental funds as of the date of this report:

		General -	Special Revenue Recreation	Debt Service	Capital Capital Projects	Projects Community Center Capital	Nonmajor	Totals
Fund Balances								
Nonspendable	Φ						50.024	50.024
Working Cash	\$						58,834	58,834
Restricted

Lighting and Paving			_	_	_		45,217	45,217
Audit		_		_	_		6,814	6,814
IMRF				_			85,647	85,647
Museum				_			5,129	5,129
Special Recreation				_			138,905	138,905
Capital Projects				_	1,765,794	42,464		1,808,258
Debt Service				131,760				131,760
				131,760	1,765,794	42,464	303,822	2,243,840
Assigned Recreational Programming, Facility Maintenance, and								
Future Recreation Capital			1,497,713					1,497,713
Unassigned		764,972	_	_	_	_	_	764,972
Total Fund Balances		764,972	1,497,713	131,760	1,765,794	42,464	362,656	4,565,359

Notes to the Financial Statements April 30, 2023

#### **NOTE 4 - OTHER INFORMATION**

#### RISK MANAGEMENT

#### Park District Risk Management Agency (PDRMA)

The District is exposed to various risks related to torts; theft of, damage to and destruction of assets; errors and omissions; injuries to employees; and net income losses. Since 2017, the District has been a member of the Park District Risk Management Agency (PDRMA) Property/Casualty Program, a joint risk management pool of park and forest preserve districts, and special recreation associations through which property, general liability, automobile liability, crime, boiler and machinery, public officials', employment practices liability and workers compensation coverage is provided in excess of specified limits for the members, acting as a single insurable unit.

Losses exceeding the per occurrence self-insured and reinsurance limit would be the responsibility of the District.

As a member of PDRMA's Property/Casualty Program, the District is represented on the Property/Casualty Program Council and the Membership Assembly and is entitled to one vote on each. The relationship between the District and PDRMA is governed by a contract and by-laws that have been adopted by resolution of the District's governing body.

The District is contractually obligated to make all annual and supplementary contributions to PDRMA, to report claims on a timely basis, cooperate with PDRMA, its claims administrator and attorneys in claims investigations and settlement, and to follow risk management procedures as outlined by PDRMA. Members have a contractual obligation to fund any deficit of PDRMA attributable to a membership year during which they were a member.

PDRMA is responsible for administering the self-insurance program and purchasing excess insurance according to the direction of the Program Council. PDRMA also provides its members with risk management services, including the defense of and settlement of claims, and establishes reasonable and necessary loss reduction and prevention procedures to be followed by the members.

The following represents a summary of PDRMA's Property/Casualty Program balance sheet at December 31, 2022 and the statement of revenues and expenses for the period ending December 31, 2022. The District's portion of the overall equity of the pool is 0.031% or \$13,872.

Assets	\$ 66,570,393
Deferred Outflows of Resources - Pension	787,406
Liabilities	20,949,149
Deferred Inflows of Resources - Pension	2,223,803
Total Net Position	44,184,847
Operating Revenues	17,464,224
Nonoperating Revenues	(6,820,223)
Expenditures	23,554,952

Since 97.22% of PDRMA's liabilities are reserves for losses and loss adjustment expenses which are based on an actuarial estimate of the ultimate losses incurred, the Member Balances are adjusted annually as more recent loss information becomes available.

Notes to the Financial Statements April 30, 2023

#### **NOTE 4 - OTHER INFORMATION - Continued**

#### **CONTINGENT LIABILITIES**

#### Litigation

The District is a defendant in various lawsuits. Although the outcome of these lawsuits is not presently determinable, in the opinion of the District's attorney the resolution of these matters will not have a material adverse effect on the financial condition of the District.

#### Grants

Amounts received or receivable from grantor agencies are subject to audit and adjustment by grantor agencies, principally the federal government. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of expenditures which may be disallowed by the grantor cannot be determined at this time although the District expects such amounts, if any, to be immaterial.

#### EMPLOYEE RETIREMENT SYSTEM - DEFINED BENEFIT PENSION PLAN

#### Illinois Municipal Retirement Fund (IMRF)

The District contributes to the Illinois Municipal Retirement Fund (IMRF), a defined benefit agent multiple-employer public employee retirement system that acts as a common investment and administrative agent for local governments and school districts in Illinois. IMRF issues a publicly available financial report that includes financial statements and required supplementary information for the plan as a whole, but not by individual employer. That report may be obtained online at www.imrf.org. The benefits, benefit levels, employee contributions, and employer contributions are governed by Illinois Compiled Statutes (ILCS) and can only be amended by the Illinois General Assembly.

#### **Plan Descriptions**

*Plan Administration.* All hired in positions that meet or exceed the prescribed annual hourly standard must be enrolled in IMRF as participating members. The plan is accounted for on the economic resources measurement focus and the accrual basis of accounting. Employer and employee contributions are recognized when earned in the year that the contributions are required, benefits and refunds are recognized as an expense and liability when due and payable.

Benefits Provided. IMRF has three benefit plans. The vast majority of IMRF members participate in the Regular Plan (RP). The Sheriff's Law Enforcement Personnel (SLEP) plan is for sheriffs, deputy sheriffs, and selected police chiefs. Counties could adopt the Elected County Official (ECO) plan for officials elected prior to August 8, 2011 (the ECO plan was closed to new participants after that date).

Notes to the Financial Statements April 30, 2023

#### **NOTE 4 - OTHER INFORMATION - Continued**

#### EMPLOYEE RETIREMENT SYSTEM - DEFINED BENEFIT PENSION PLAN - Continued

#### Illinois Municipal Retirement Fund (IMRF) - Continued

#### **Plan Descriptions - Continued**

Benefits Provided - Continued. IMRF provides two tiers of pension benefits. Employees hired **before** January 1, 2011, are eligible for Tier 1 benefits. Tier 1 employees are vested for pension benefits when they have at least eight years of qualifying service credit. Tier 1 employees who retire at age 55 (at reduced benefits) or after age 60 (at full benefits) with eight years of service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1-2/3% of the final rate of earnings for the first 15 years of service credit, plus 2% for each year of service credit after 15 years to a maximum of 75% of their final rate of earnings. Final rate of earnings is the highest total earnings during any consecutive 48 months within the last 10 years of service, divided by 48. Under Tier 1, the pension is increased by 3% of the original amount on January 1 every year after retirement.

Employees hired *on or after* January 1, 2011, are eligible for Tier 2 benefits. For Tier 2 employees, pension benefits vest after ten years of service. Participating employees who retire at age 62 (at reduced benefits) or after age 67 (at full benefits) with ten years of service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1-2/3% of the final rate of earnings for the first 15 years of service credit, plus 2% for each year of service credit after 15 years to a maximum of 75% of their final rate of earnings. Final rate of earnings is the highest total earnings during any 96 consecutive months within the last 10 years of service, divided by 96. Under Tier 2, the pension is increased on January 1 every year after retirement, upon reaching age 67, by the lesser of:

- 3% of the original pension amount, or
- 1/2 of the increase in the Consumer Price Index of the original pension amount.

*Plan Membership.* As of December 31, 2022, the measurement date, the following employees were covered by the benefit terms:

Inactive Plan Members Currently Receiving Benefits	12
Inactive Plan Members Entitled to but not yet Receiving Benefits	17
Active Plan Members	14
Total	43

Contributions. As set by statute, the District's Regular Plan Members are required to contribute 4.50% of their annual covered salary. The statute requires employers to contribute the amount necessary, in addition to member contributions, to finance the retirement coverage of its own employees. For the year-ended April 30, 2023, the District's contribution was 0.83% of covered payroll.

*Net Pension (Asset)*. The District's net pension (asset) was measured as of December 31, 2022. The total pension liability used to calculate the net pension (asset) was determined by an actuarial valuation as of that date.

Notes to the Financial Statements April 30, 2023

#### **NOTE 4 - OTHER INFORMATION - Continued**

#### EMPLOYEE RETIREMENT SYSTEM - DEFINED BENEFIT PENSION PLAN - Continued

### Illinois Municipal Retirement Fund (IMRF) - Continued

### **Plan Descriptions - Continued**

Actuarial Assumptions. The total pension liability was determined by an actuarial valuation performed, as of December 31, 2022, using the following actuarial methods and assumptions:

Actuarial Cost Method	Entry Age Normal
Asset Valuation Method	Fair Value
Actuarial Assumptions Interest Rate	7.25%
Salary Increases	2.85% to 13.75%
Cost of Living Adjustments	2.75%
Inflation	2.25%

For non-disabled retirees, the Pub-2010, Amount-Weighted, below-median income, General, Retiree, Male (adjusted 106%) and Female (adjusted 105%) tables, and future mortality improvements projected using scale MP-2020. For disabled retirees, the Pub-2010, Amount-Weighted, below-median income, General, Disabled Retiree, Male and Female (both unadjusted) tables, and future mortality improvements projected using scale MP-2020. For active members, the Pub-2010, Amount-Weighted, below-median income, General, Employee, Male and Female (both unadjusted) tables, and future mortality improvements projected using scale MP-2020.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense, and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return to the target asset allocation percentage and adding expected inflation. The target allocation and best estimates of geometric real rates of return for each major asset class are summarized in the following table:

Actuarial Assumptions - Continued.

		Long-Term
		<b>Expected Real</b>
Asset Class	Target	Rate of Return
Fixed Income	25.50%	4.90%
Domestic Equities	35.50%	6.50%
International Equities	18.00%	7.60%
Real Estate	10.50%	6.20%
Blended	9.50%	6.25% - 9.90%
Cash and Cash Equivalents	1.00%	4.00%

#### **Discount Rate**

The discount rate used to measure the total pension liability was 7.25%, the same as the prior valuation. The projection of cash flows used to determine the discount rate assumed that member contributions will be made at the current contribution rate and that District contributions will be made at rates equal to the difference between the actuarially determined contribution rates and the member rate. Based on those assumptions, the Fund's fiduciary net position was projected to be available to make all project future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all period of projected benefit payments to determine the total pension liability.

#### **Discount Rate Sensitivity**

The following is a sensitivity analysis of the net pension (asset) to changes in the discount rate. The table below presents the net pension (asset) of the District calculated using the discount rate as well as what the District's net pension (asset) would be if it were calculated using a discount rate that is one percentage point lower or one percentage point higher than the current rate:

		Current		
		Decrease (6.25%)	Rate (7.25%)	1% Increase (8.25%)
Net Pension (Asset)	\$	(13,971)	(216,321)	(376,886)

#### EMPLOYEE RETIREMENT SYSTEM - DEFINED BENEFIT PENSION PLAN - Continued

### Illinois Municipal Retirement Fund (IMRF) - Continued

### Pension Expense, Deferred Outflows of Resources, and Deferred Inflows of Resources Related to Pensions

For the year ended April 30, 2023, the District recognized pension expense of \$4,484, on a modified cash basis. At April 30, 2023, the District would report deferred outflows of resources and deferred inflows of resources related to pensions, on a GAAP basis, from the following sources:

		Deferred	Deferred	
	(	Outflows of	(Inflows) of	
		Resources	Resources	Totals
Difference Between Expected and Actual Experience	\$	36,890		36,890
Change in Assumptions		_	(312)	(312)
Net Difference Between Projected and Actual				
Earnings on Pension Plan Investments		184,104	_	184,104
		220,994	(312)	220,682
Pension Contributions Made Subsequent				
to the Measurement Date		1,797		1,797
Total Deferred Amounts Related to IMRF		222,791	(312)	222,479

\$1,797 would report, on a GAAP basis, deferred outflows of resources related to pensions resulting from employer contributions subsequent to the measurement date and would recognize as a reduction of the net pension liability in the reporting year ended April 30, 2024. Amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense in future periods as follows:

	N	et Deferred					
Fiscal		Outflows					
Year	0	of Resources					
2024	\$	9,484					
2025		39,158					
2026		61,745					
2027		110,295					
2028		_					
Thereafter		_					
Total		220,682					

Notes to the Financial Statements April 30, 2023

#### **NOTE 4 - OTHER INFORMATION - Continued**

### OTHER POST-EMPLOYMENT BENEFITS

The District has evaluated its potential other post-employment benefits liability. Former employees who choose to retain their rights to health insurance through the District are required to pay 100% of the current premium. Based upon a review of census data and plan provisions, as well as minimal utilization rates, it has been determined that any liability is immaterial to the financial statements in accordance with GASB Statement No. 75, Accounting and Financial Reporting for Post-Employment Benefits Other Than Pensions. Additionally, the District provides no explicit benefit. Therefore, the District has not recorded a liability as of April 30, 2023.

### OTHER SUPPLEMENTARY INFORMATION

Other supplementary information includes financial statements and schedules not required by the GASB, nor a part of the basic financial statements, but are presented for purposes of additional analysis.

Such statements and schedules include:

- Schedule Employer Contributions
  Illinois Municipal Retirement Fund
- Schedule of Changes in the Employer's Net Pension (Asset) Illinois Municipal Retirement Fund
- Budgetary Comparison Schedules Major Governmental Funds
- Combining Statements Nonmajor Governmental Funds
- Budgetary Comparison Schedules Nonmajor Governmental Funds

### INDIVIDUAL FUND DESCRIPTIONS

#### **GENERAL FUND**

The General Fund is the general operating fund of the District. It accounts for all revenues and expenditures of the District which are not accounted for in other funds.

#### SPECIAL REVENUE FUNDS

The Special Revenue Funds are used to account for the proceeds of specific revenue sources (other than fiduciary funds or capital projects funds) that are legally restricted to expenditure for specified purposes.

#### **Recreation Fund**

The Recreation Fund is used to account for revenue and expenditures related to recreation programs funded by a restricted tax levy and user fees.

### Social Security and Medicare Fund

The Social Security and Medicare Fund is used to account for revenues received for the payment of social security and medicare taxes.

### **Liability Insurance Fund**

The Liability Insurance Fund is used to account for revenues received for payment of liability insurance expenditures.

### **Lighting and Paving Fund**

The Paving and Lighting Fund is used to account for revenues derived from a specific annual property tax levy and expenditures of these monies for paving and lighting improvements throughout the Park District.

#### **Audit Fund**

The Audit Fund is used to account for revenues received for payment of audit expenditures.

### **Illinois Municipal Retirement Fund**

The Illinois Municipal Retirement Fund (IMRF) Fund is used to account for revenues received for the purpose of funding the plan and the related expenditures paid.

### INDIVIDUAL FUND DESCRIPTIONS

#### **SPECIAL REVENUE FUNDS - Continued**

#### Museum Fund

The Museum Fund is used to account for the revenue and expenditures of the museum. An annual tax levy in conjunction with program revenue is used to finance the fund.

### **Special Recreation Fund**

The Special Recreation Fund is used to account for revenues and expenditures related to the provision of recreational services for disabled individuals.

### **Working Cash Fund**

The Working Cash Fund is used to account for payments for general government expenditures if tax revenue is temporarily unavailable.

#### DEBT SERVICE FUND

The Debt Service Fund are used to account for the accumulation of funds for the periodic payment of principal and interest on general long-term debt.

### **CAPITAL PROJECTS FUNDS**

Capital Projects Funds are used to account for financial resources used for the acquisition or construction of major capital assets.

### **Capital Projects Fund**

The Capital Projects Fund is used to account for financial resources restricted, committed, or assigned for the acquisition or construction of major capital facilities, equipment, and capital asset replacements.

### **Community Center Capital Fund**

The Community Center Capital Fund is used to account for financial resources restricted, committed, or assigned for the acquisition or construction of the Community Center.
